SUMMARY

Software Engineer and Technical Leader with **6 years** of experience in strategies, UXR and automated data infrastructure. Built real-time deep-learning models with full-stack application logic. Published research papers. Bootstrapped studio to an Xbox accelerator & securing global publishing agreement with platform majors (**Microsoft Xbox, Sony PlayStation**), driving enterprise-level distributor negotiations, and leading matrixed cross-functional engineering teams.

TECHNICAL & BUSINESS EXPERTISE

Key Expertise: Go-To-Market (GTM) Strategy, Applied Machine Learning, Data engineering, UX Research, Game Design, Rapid prototyping, Enterprise Account Management, Cross-functional Agile leadership

Technical Stack: C++, Python (TensorFlow, Keras, PyTorch, OpenCV, PyAudioAnalysis), T-SQL, Git, JIRA, Microsoft SSIS, Azure Data Factory, Databricks, Unity, Computer Vision, Robotics, **Agentic AI Workflows**, Prompt Engineering, LLMs, Multi-Source API Integration.

WORK EXPERIENCE

Co-Founder & CXO | Amnesea

Dec 2023 – May 2026

- Bootstrapped & directed strategy, operations **end-to-end** → signed publishing agreements (**Microsoft Xbox & Sony PlayStation**).
- Exhibited at IGDC & IGS (sponsored kiosks, 2 yrs), reaching **5,000+ players** → media coverage in **Times of India** and **IGN**.
- Prototyped & deployed gameplay loops in **Unity** → won **1st Place (\$2,380)** in the **Avalanche × Neuranode Game Jam**.
- Integrated **AI-assisted coding tools** for rapid scripting & prototyping → accelerated dev sprints and cut core feature creation times.
- Analyzed quantitative player telemetry and session retention metrics → restructured user-retention loops to increase target KPIs.

Apprenticeship | Microsoft Xbox Studios

Mar 2024 – Jun 2024

- Led **UX Research (UXR)** & **GTM** strategy of KeyBound in **Xbox Game Camp Asia** → selected in top 16 studios (5 countries).
- Validated market-fit with industry veterans → Developed **data-backed** pitch decks → drove **12 publisher negotiations**.

Senior Data Engineer | Brillio LLC

Apr 2022 – Feb 2023

- Collaborated with Client team → defined technical requirements & stabilized production **ETL workflows** against run-time failures.
- **Cut file lifecycle time 58%** on Azure NDP by developing ETL pipelines, raw data standardization, & Azure workflow optimization.
- Led ETL validation, data quality checks, & pipeline performance analysis across NDP.
- Reverse-audited quality metrics across Forecast Plus data & **ML-driven** scoring outputs for fundraising & campaign analytics.
- Mentored **20+ engineers** in client-facing communication → served as **President** of company's founding **Toastmasters** chapter.

Data Engineer | Brillio LLC

Sep 2020 – Mar 2022

- Redeveloped legacy ETL logic using **Microsoft SSIS** and **SQL Server** → cut data supply chain compute times by **29% (24h → 17h)**.
- Executed data-integrity validations during database migrations → awarded **"Star Performer"** for near-zero-defect system delivery.
- Directed software technology training workshops for **50+ NGO personnel** → scaled partner digital literacy.

Research Intern | Centre for Robotics Research, NMIT

Apr 2019 – Aug 2020

- Researched on Deep-learning Computer Vision (CV) algorithms for image processing, autonomous robotic intelligence.
- Developed real-time **ML audio-feature** and instrument classification models; robotic striking mechanism → placed as **National Finalist (4th/7,173 teams)** at **IIT-Bombay**.
- Architected custom **CNN models** for diabetic retinopathy medical classification → published as **first author** in **IJETER** journal.
- Drafted medical diagnostics proposal → secured **TEQIP Government Research Grant** for automated **COVID-19 AI** screening.

EDUCATION

B.E. in Information Science & Engineering | NITTE Meenakshi Institute of Technology | Bangalore, India

Jul 2016 – Aug 2020

- **GPA:** 8.52/10 – First-Class with Distinction, Distinguished Passout, National Robotics Finalist, Batch Ambassador.
- **Relevant Coursework:** Machine Learning, Computer Vision, Robotic Systems & Design.
- Managed a **250+ person cross-functional team** as Head of Cultural Core Committee → directed logistics, budgeting, and operations for a festival with **30,000+ attendees**.

OTHER HIGHLIGHTS & ACHIEVEMENTS

- Won **1st Place (\$2,380)** at the **Avalanche × Neuranode Game Jam** and **\$500** at the **Whalepass Jam [2025]**.
- Selected in top **16 indie studios** across **5 countries** at **Xbox Game Camp Asia**; featured in **Times of India & IGN** blogs. [2024].
- **Certified SAFe® 5 Practitioner (SP)** credentials for Agile enterprise delivery (Scrum, Kanban, XP, PI planning) [2021].
